

UNIX Server and Related Hardware For Sale

Winnipeg Enterprises Corporation (WEC) owns the Select-A-Seat ticketing system located in Winnipeg, Manitoba, Canada. The Select-A-Seat business is closing at the beginning of September 2004. We are seeking interested parties to purchase our UNIX server and related hardware that currently runs our ticketing system.

The preference is to sell all equipment as a total package, however we are open to selling equipment separately if desired. WEC reserves the right to accept or refuse any offer it receives. All offers must be received in writing and in Canadian dollars no later than **August 31, 2004, 4:30pm CDT**.

The UNIX server consists of one HP9000 D370 class UNIX server. Its specs are:

- Dual 160 MHz PA-RISC CPU's
- 1792 MB of RAM
- 12 GB DDS3 tape drive
- 2 x 4 GB FWD SCSI-2 hot swap internal hard drives
- CD-ROM
- HP-UX 10.20
- White screen system console
- Server and screen are 5 years in age
- Server has been under a HP service/support contract

Other included hardware that is available as a package along with the server include:

- 1300 VA HP PowerTrust UPS
- UPS is 5 years in age

- Rack mount AutoRAID Array Model 12H
- Currently has 5 x 9GB hard drives
- AutoRAID is 5 years in age

- 2 x HP DTC 16MX
 - DTC 16MX's are 5 years in age
- 7 x HP DTC 16TN
 - DTC 16TN's are 10 years in age

- 42 x 14.4 external serial modems
 - GVC
 - USR
 - cNet
- Modems are 8 years in age

- 1 x DTC patch panel
 - Patch panel is 10 years in age

- 2 x Gandalf mMux
- 8 x Gandalf MUX 2000
- Muxes are 10 years in age

- 61 x WYSE terminals
 - 285 and 520 models
- Terminals are 8 years in age

- Printronix P300 report printer
- Printer is 12 years in age

- Genicom 4840e report printer
- Printer is 10 years in age

- Genicom 4840 report printer
- Printer is 10 years in age

- 47 x 70 dpi BOCA printers (2.5" x 1" ticket stock)
- 25 pin serial connection
- Printers range in age from 4 to 10 years

- 4 x 200 dpi BOCA printers (2.5" x 1" ticket stock)
- 25 pin serial connection
- Printers are 3 years in age

All equipment is in good to excellent working order and is still currently being used for business purposes. The equipment will be available by October 2004.
